## Good Things Happen in TopTec Tents.

Rental Companies need a Tent Partner they can count on. With TopTec, you can provide your customers durable, easy to set-up, worry-free frame tents, keder frame tents, pole tents and tension tents. TopTec tents work for every type of celebration - from parties and weddings to festivals and corporate events.

# TopTec

TopTec tents are designed for tolerance, durability and reliability

### Our Tents. Our Philosophy.

#### EASY SET UP INCREASES PROFITABILITY

TopTec tents are designed for tolerance and reliability and are **designed to install 25% - 50% faster** than comparable tents. TopTec helps you save labor dollars and reduce installation time for your team.

Our consistent manufacturing processes ensure every TopTec tent will continue to function in the field over years of use, saving you from costly delays and repairs.

Whether you need the crisp, sharp lines of our Epic Pole Tent for an elegant corporate event or the versatility of TopTec's kedered frame Future Series - FutureTrac and FutureLite - for a long-term installation, our tent line is designed to help you grow your tent rental business.

#### DESIGNED FOR DURABILITY

TopTec Tents are designed for durability and reliability. Our consistent manufacturing process ensures your TopTec Tent will continue to function in the field over years of use, saving you from costly delays and repairs.

#### COMMITMENT TO YOUR SUCCESS

We are dedicated to helping you solve your rental challenges and meet the needs of your most demanding customers. We not only give you the products you need, we also provide you with quality support to help grow your business. At TopTec we don't succeed unless you do.

#### UNPARALLELED CUSTOMER SERVICE

TopTec's customer service is second to none. Your success is our driving motivation and that means you'll always have the support, service and resources you need to turn your customers into fans, every time.

Choosing a tent system is one of the most important investments you can make for your business. It has to be reliable. It has to be durable. It has to look good. At TopTec, we're more than just "the tent guys." Your success is our driving motivation and that means you always have the support, service and resources you need to turn your customers into fans, every time. TopTec Event Tent's manufacturing processes ensure your tent will continue to function in the field over years of use, saving you from costly delays and repairs.

**Frame Tents**  
OPTIONS FOR ALL OCCASSIONS

From back-yard parties to large, corporate events, TopTec's frame tents are available in a variety of styles and custom sizes designed for your client's unique events.

**Pole Tents**  
PARTY, EXPO, EVENTS, AND AFFAIRS

TopTec's Pole Tents continue to live up to their reputation within the industry as the most durable tents of their kind.

**Tension Tents**  
SECTIONAL AND TWIN-POLE

Forget hours of set-up. TopTec's Epic Tension Tents come with a batwing design that simplifies installation and reduces labor cost. Available in single or twin pole versions.

**Keder Frames, with FutureTrac & FutureLite**

From corporate events to long term installs, TopTec's FutureLite series combines the technology of today's structure fabric system and the install-friendly design of a 2" Western-style frame. Tops are electronically sealed to a Keder bead that slides through the Keder channel on each rafter and crown assembly, eliminating the need for ladder work and lacing. FutureLite tents are available with 10' and 15' increments.

## Step up to a better solution.

The AXIS 2.0 aluminum staging system is light-weight, reliable, fast and easy-to-assemble. The rugged aluminum frame is designed for indoor and outdoor use. So whether you are setting the stage for a college graduation, an electric performance or a dance floor for a wedding or party, Granite is always the most reliable and dependable solution and it works with almost every competitive stage in the market.

stairs & ramps

### AXIS 2.0 Aluminum Staging & Signature Staging

#### EASY SET UP INCREASES PROFITABILITY

AXIS 2.0. This lighter metal allows for ease of use and durability. Available in a variety of shapes and dimensions with unique locking hooks; your options for configurations are endless.

The AXIS 2.0 is compatible with most steel stage decks including Granite and Signature stages.

AXIS 2.0 provides the ability to “hang” the decks on each other. This decreases the legs needed for each stage. Starting with four legs on the first stage, it drops to two legs and then one leg after the perimeter is set. Saving time in setup and cost.

Signature Staging 4' x 4' standard deck sizing stacks and stores easily. 3/4" thick plywood exterior black plywood is finished on one side. Optional 5/8" exterior plywood with gray carpet also available. Compatible with most other 4'x4' stage deck systems.

Roto-locks fasten decks together to form an integrated staging unit and can be accessed from either the top or bottom of the stage deck.

#### Standard AXIS Staging Features

- Made in the USA.
- Very lightweight and easy to handle.
- Use with our standard legs or FoldX legs
- Rugged aluminum frame construction meets IBC Code.
- Choice of standard 1/2" painted deck top or Premium Quad Ripple Laminated.
- Designed for indoor and outdoor use.
- Can be used with multiple leg systems: Square, round, adjustable and others.
- Use as a flat stage, multilevel stage, stage extension, tiered seating, event platform, display tower, runway, etc.

# The perfect compliment and the total solution.

In addition to staging, Granite has a full range of scaffolding, indoor/outdoor seating along with crowd control products to handle all of your event needs. Keep your event staff and attendees safe with quality, durable products, each designed to handle specific applications. Granite also offers carts, dollies, hand trucks plus many specialty items, including electric powered carts, wagons and wheelbarrows for transporting staging and equipment.

**Granite Carts**  
STORAGE + MOVING SOLUTIONS

Granite Industries offers a wide range of everyday and specialty carts, hand trucks and dollies. Whether you need to move large items such as tents, inflatables, chairs, tables, drywall, staging or fragile items like glasses and dishware, we've got the right cart for the job.

**Granite Seating**  
INDOOR/OUTDOOR SEATS

Signature Deluxe Series bleacher includes everything our regular Signature Bleachers offer, plus guardrail, double footboards, and toeboards on the top 4 rows along with an aisle with handrail.

Select from three styles of seating: Bench, Bench with Back and Flip Up seat with Back.

**Granite Crowd Control Fencing**  
8 FOOT BARRIERS

Crowd control fencing is great for Sports Events, Rallies, Parades, Fairs or Construction Sites. Easy to set up and take down. Durable hot-dip galvanized finish.

Choose from three base foot options; Flat, Wide Arch or Narrow Arch.

# Quality. Value. Reliability.

### **PORTABLE LED LIGHTING PERFECT FOR EVENTS**

The award-winning Lind Equipment Beacon LED tower brings you all the light you've come to expect from traditional 4 x 1000W metal halide light towers, but in a completely unexpected package. Compact, lightweight, and truly man-portable the Beacon LED Tower can be transported with ease without any compromise in durability and stability.

### **PORTABLE POWER DISTRIBUTION CABLES, REELS, AND ACCESSORIES**

When you need to get a lot of power to your workers safely and effectively, temporary power distribution units are what you need. All-weather rated, multiple types of outlets, and protected by GFCIs, these units can bring power to any place you need it.

# Under the tent and under the stars.

Often events are successful due to the things the party attendees never knew existed at the time, like heaters, fans, air coolants, evaporative coolers, serving equipment and much more.
